

## Alexandria Gazette.

TUESDAY EVENING, APRIL 5, 1904.

## Local Matters.

San rises tomorrow at 5:44 a. m. and sets at 6:33 p. m. High water at 11:19 a. m. and 11:49 p. m.

**WEATHER PROBABILITIES.**—For this section fair tonight. Wednesday partly cloudy; light variable winds, becoming southeasterly.

## Ask Increase of Pay.

M. A. Bowen and E. C. Ford, representatives of the mechanics employed at the Washington navy yard, were given a hearing yesterday by President Roosevelt on the subject of the wages of navy yard employees. Their object was to enlist his influence to secure the passage of a bill pending in Congress, providing that mechanics employed in the gun factory be given wages equally as good as those paid skilled artisans employed in other branches of the government service. It was indicated to the President that the maximum wage of the skilled mechanic in the gun factory is \$3.36 per day, while in the Government Printing Office and in other departments of the government skilled employees receive \$4 a day. Bowen and Ford told the President that the work of the men in the gun factory required the highest skill, and they believed their request was entirely reasonable. The President promised to give the matter consideration. A number of Alexandria mechanics employed in the Washington navy yard are interested in the movement referred to.

## The Last Robbery.

The audacity of the thieves who entered Swan Brothers' store Sunday night, robbed the safe of over \$300, carried off goods and left some cast-off underclothing on the premises, is still a subject of comment. The store is located on the principal street of the city on which a private watchman is employed to act as an auxiliary to the police. While an attempt was made by the thieves to create the impression that the robbery was committed by non-residents, it is believed by many that the act was the work of people living in our midst. They were evidently acquainted with the locality and other circumstances lead to the belief that they belong to a gang that has long infested Alexandria. It is not believed that the thieves had been wearing the garments they cast off. They had, it is suggested, secured them in some way for a purpose, and the fact that they left a razor in the store was intended to produce the belief that the robbery was the work of negroes. It is more probable that the thieves live in this city or neighborhood, and that they are white men.

## Death of a Former Resident.

Mr. Samuel Lindheimer, who formerly resided in this city, died in Washington yesterday evening. He had for some time been a sufferer from heart disease. He leaves three children, two sons and one daughter. The deceased was a native of Germany, but had lived in this country since he was a youth. During the war between the States he entered the Confederate army, serving in an Alabama regiment. At the close of the war he came to Alexandria and opened a millinery establishment on the north side of King street, near Pitt. He later removed to the south side of King street, between Royal and Fairfax. About a quarter of a century ago he removed to Washington, where he had since resided. Mr. Lindheimer had a large number of acquaintances in Alexandria. He made frequent visits to this city where he was always welcomed cordially by his many friends. The deceased was 68 years old. The remains will be brought here tomorrow and interred in the Jewish cemetery.

## The Approach to Fishtown.

The approach to Fishtown has in no wise been improved by the appropriation recently made by Council. The roadway has been raised on Fishtown proper, but this, it is believed, will become a quagmire after a day or two of rain. The approaches to the city wharf are in the same condition as before. The dumping of a few cart loads of ashes &c., over a distance of a few yards east of Union street is all that has been done.

## Preparing for Improvements.

Catt's tavern and the brick houses which formerly stood opposite in West End have been virtually obliterated. All the material save some debris in the foundations has been removed. The fencing around the triangular lot on the south side of Shuter's Hill, on which the new depot is to be located, has been removed. The railway officials say they are anxious to begin work on the new tracks to be laid west of Alexandria.

## A Vital Fact.

The development of advertising has been so recent that even the most experienced have by no means reached a full understanding of its principles. Among the positive conclusions which are beyond a doubt is this: A part of the people may read street-car ads; some of them like the like; and many may pay attention to magazine advertisements; but the great body of the buying public is a newspaper-reading people.—(Phila. Record.)

## River Notes.

The new tugboat Walter F. Reed, built at New York for Smith & Cumberland, of Georgetown, passed up the river yesterday evening.

Captain Self, of the Columbia National Land Dredging Company, has gone to New York to bring around a new tugboat which is to be used in the work of that company.

Tomorrow and the day following the two last days of the feast will be observed by the Israelites of this city. No rabbi will officiate, but services in commemoration of the departure of the Israelites from Egypt will be held.

The election of officers for the Camp followed the report of the Commander, with the following result: Commander, E. H. O'Brien; 1st Lt. Commander, Jno. M. Johnson; 2nd do. Commander, W. H. May; 3rd do. Commander, Sam'l C. Boush; Adjutant, R. M. Latham; Treasurer, W. W. Sherwood; Quartermaster, J. W. Hammond; Chaplain, Rev. F. J. Brooke; Officer of the day, Chas. S. Taylor; Vidette, R. N. Crook; Color Bearer, J. W. Sutherland. Executive committee: Edgar Warfield, F. J. Davidson and G. Wm. Ramsay.

## Special Grand Jury.

Judge Barley, of the Corporation Court, has ordered a special grand jury for Monday next when the following will be presented: W. O. Harris, charged with bigamy; Charles Baker, charged with breaking into and entering a dwelling, and P. G. Barry and H. M. Grobe, charged with securing signatures to orders under false pretences. The case of Henry Stevens, charged with larceny, an appeal from the Mayor's decision, will be heard at this term.

## Direct Importation.

The barkentine Antonio D'Alì, which recently arrived here from Spain with a cargo of salt, had aboard also a large amount of wine consigned to a Baltimore merchant. The wine was sent yesterday to its destination after the custom house duties had been collected. In days of yore the direct importation of wine from foreign countries to Alexandria was a common occurrence, but the importation referred to above is the first in many years.

## Social Session.

Carlin, the exalted ruler, announced the appointment of Mr. Donald McLean as esquire, and Mr. W. A. Moore as in-squire guard. After the close of the lodge a social session was held, at which Mr. S. ## Accident to a Train.

South-bound passenger train No. 43, of the Seaboard Air Line, which left this city at 11:02 a. m., was partially derailed and wrecked Sunday afternoon about 1 o'clock between Penola and Guinea Station, about fifty miles north of Richmond. The engine and tender left the track, and the rails were torn up for some distance by the plunging locomotive and tender. The rest of the train did not leave the track, and the principal damage was to the engine. Fortunately no one was seriously injured. The cause of the accident is not definitely known.
